

# Stage 2 Water Watch

## City of Boerne

### Water Utility Customers

**LET'S ALL DO OUR PART TO CONSERVE SO  
WE CAN AVOID STAGE 3 RESTRICTIONS**

#### Stage 2 Restrictions

- ⇒ Landscape watering with sprinklers is permitted **ONLY** between 3am-8am and 8pm-10pm on your designated days
- ⇒ Hand watering, with hose or bucket, or with soaker hose is allowed any day, any time, but not recommended between 12 noon and 7 pm to avoid evaporation loss
- ⇒ Vehicle washing at home is permitted with pail or bucket only
- ⇒ Only refill pools, spas, fountains on your designated watering day between 12 midnight and 12 noon or from 7 pm— 12 midnight
- ⇒ Restaurants to serve water upon request
- ⇒ No water use on sidewalks, driveways, or any waste of water

#### Conservation Tips

- ⇒ Use mulch in your landscape beds to avoid moisture loss
- ⇒ Use soaker hoses in beds
- ⇒ For best effectiveness, lawns need no more than 1" of water per week
- ⇒ Create watering zones in your yard & only water those areas near house foundation
- ⇒ If using a sprinkler system (2x / week only), be sure that sprinkler heads are watering yard and garden areas, not pavement
- ⇒ Use a broom instead of water to clean sidewalks, patios and driveways
- ⇒ Take short showers rather than baths
- ⇒ Only run washing machines and dish washers with full loads

**WATER CONSERVATION = LOWER WATER BILLS**  
(and it is the right thing to do)

**Outdoor watering with sprinklers allowed only on designated days as determined by the last number of home or business address**
